Every Boy and Every Girl

Under 45 Years of Age

Will be much better off for a short course in **BUSINESS TRAINING** this summer.

It isn't any hotter here than where you are. As a matter of fact, it isn't hot at all and won't be, because our building is especially well arranged for comfort and convenience.

You won't need a vacation because it isn't hard to learn **BUSINESS TRAINING** as it is entirely different from public school.

Those who came last summer said the work was so interesting and so different from anything they ever did before that it was really better than a vacation.

You can start in any day of any week, but you will lose at least \$250. if you wait until fall.

Ask us for information.
